- Conventional grade

White Oak

- Conventional Grade

Oak

- Character grade

Beech

- Conventional grade

Heart Magnolia

- Character grade

Magnolia

- Conventional grade

Plain Red Gum

- Conventional grade

Figured Red Gum

- Conventional grade
- Character grade

Hazel Wood

- Conventional grade
- Character grade

FINISH

HDE Solid Hardwood Wall Paneling is supplied, machined, and sanded and may be used in the natural finish, painted or enameled. Samples and instructions for finishing will be supplied upon request.

WORKABILITY

HDE Solid Hardwood Wall Paneling is shipped with square cut ends, smooth and true. All additional cutting should be done with a sharp small tooth saw. HDE Solid Hardwood Wall Paneling cuts easily and gives a smooth fine edge, permitting close joints and fine finishing.

STANDARD WIDTHS AND LENGTHS

HDE Hardwood Paneling is manufactured in 4", 5", 6", 7" and 8" face widths. Standard lengths are 2'6" to 16' in 6" breaks.

SPECIFICATION

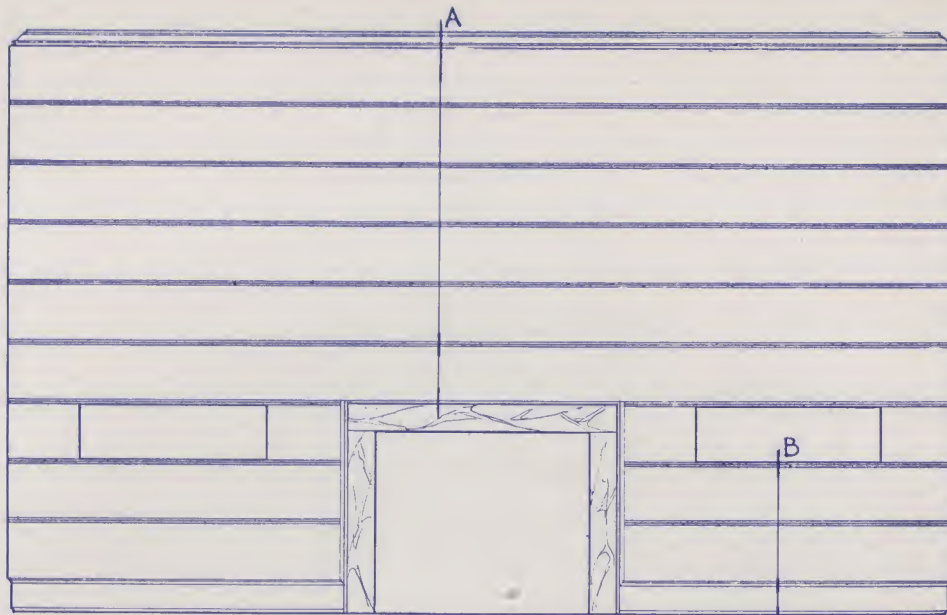

Specify HDE Hardwood Wall Paneling and give number of each piece or type of standard assembly desired. Be sure to give size of room or number of feet required. If convenient, drawings can be submitted and quantities taken off at the factory.

WHERE TO BUY

HDE Solid Hardwood Wall Paneling is stocked by most lumber dealers and building material companies. The names of these dealers in your vicinity will be given upon request. Write direct to the factory:
